

Dear Pilgrim Friends,

Thank you for everything we achieved
and for all the beauty given to us,
not despairing about the bad sides of mankind,
we look courageously and hopefully
into the new year of 2020.

- *"While all the powers of Good aid and attend us,
boldly we'll face the future, be it what may.
At even, and at morn, God will befriend us,
and oh, most surely, on each new year's day!"* -
(Dietrich Bonhoeffer)

After several years of development, the entire GPS route from **SPAIN to JERUSALEM** is ready! Thus, since January 2020 there has been a continuous route (except through Syria) for over 7,000 km / 4,600 mi, from Finisterre to Jerusalem! [Route info and GPS](#)

GUIDED PILGRIMAGES ON THE JERUSALEM WAY

For the guided pilgrimages, the 15 countries were divided into seven individual travel sections that can be booked independently of one another. The most beautiful stages of the route have been selected and will be led by us in cooperation with local tour guides. In a balanced combination of walking (10 - 15 km / max. 20 km per day) and by bus, there is for the first time the unique opportunity to personally experience all the highlights of the entire route from Spain to the Holy Land. Travel time is 10 to 14 days. The path leads the participants towards the east, towards the sunrise - symbolically life - while step by step they are on the way to the most important pilgrimage site of Christianity: Jerusalem - intersection of religions!
